

Good Morning Regency PB Club Members,

Today, April 9th, is the day to sign-up for one of the Regency Pickleball Club Clinics.

The clinics were specifically designed to address your individual needs. Both the clinic description and the clinic instructor were planned carefully, in order to provide a variety of choices for a variety of levels.

Please take time to reflect on the **“RMPC Self Rating Fact Sheet 2025”**. This is a great resource that can help you identify your pickleball skill level, and as a result, help with the clinic selection process. The fact sheet can be found on our website “regencyatmonroepickleballclub.org”, click “Downloads” look under “Club Events”.

Out of respect for our 236 current members, the PB Club Board requests that members select “One” clinic that best suits you personally. You can put your name on the “Wait List” for additional clinics.

Finally, we ask **if you are unable to attend any of the Regency Pickleball Club Functions, Clinics, Socials..., please reach out to us.** The sooner we know, we can invite the many friends who have been waitlisted. The planning for all events, whether ordering food, filling clinic spots, or player spots relies on attendance. Your thoughtfulness is greatly appreciated.

Now...on with the “Sign Ups”!

Always Grateful-
Come Pickle With Us,
Lisa
