

Seriously, we do not like to brag, but bragging rites must be embraced. There are just so many darn good reasons!

Where to begin...

Our Regency Pickleball Club now has a membership of over 300 pickleball friends. That is correct, over 300. **304 to be exact- with more membership applications having been given out!!!** Truly worthy of a sentence ending with several exclamation points.

When Barry Panson and friends first introduced pickleball to Regency, who would have imagined? When Gary Lynn and friends were inspired to gather petitions to start a Regency Pickleball Club, who would have thought? And now, here we are. **Our Regency Pickleball Club is now in it's fourth year of fulfilling it's goal of building, "...an active, inclusive and vibrant pickleball community."**

Let the bragging continue! Pickleball Club member, Bob Isaacs pointed out this past **Monday, June 10th, marked the anniversary of our six, new pickleball courts** (Thanks, Bob!). Our courts, which this year alone will host over 50 Regency Pickleball Club Events was another vision for our club, when it all began four years ago.

What better way to celebrate the year anniversary of our courts, than to have our Regency A Team's first home game played upon them. **Here is Bragging Rite Number Three- the Regency A and B Inter-Community Pickleball Teams, both with amazing records of accomplishment, are proudly comprised of our top level Regency Club Members!** This league, the aspiration of club board member, Bobby Harris, is an extension

of our Regency Pickleball Club. And, it provides yet another opportunity for our community to proudly come together.

Wait there is more, bragging rite number four is a toast to our newly elected HOA board members. No doubt, support from our strongly connected and committed members had a positive impact on getting elected, Harvey Einstein, Regency Pickleball Club Member, and Gary Ramella-Regency Pickleball Club Board Member. We wish these two friends the best, and thank them for their willingness to serve the entire Regency Community, along with Steve Brody and Steve Farron, two other members from our pickleball club community of friends.

Our Regency Pickleball Club-from it's beginning four years ago-has become a bursting force of energy. It continues to grow at a rapid pace, with a membership welcoming all levels of play, and an abundance of activities way too many to list here, just keep checking our website to see! regencyatmonroepickleballclub.org.

It is very clear, from our pickleball club, great things have happened, are happening, and will continue to happen!!!

BRAG-BRAG-BRAG-OUR CLUB HAS EVERY REASON TO BRAG!!!

Come Pickle with US,
Lisa Citron

Wishes for a Happy Father's Day to all the Pickleball Dads!
